

5

New cable to be installed along the existing route, following underneath the pipe as marked above, where it will then run through the existing duct in the wall as shown.

7

New cable will enter inside the building via the existing duct, and then run up the door passing to the other side of the door.

6

New cable to be installed along the existing route, following underneath the pipe as marked above, where it will then run through the existing duct in the wall as shown. Note: As this building is part of a category 2 heritage site, the cable may have to run up to the ceiling on the opposite side of this wall (as shown in square 7)

8

The new cable will run into a new BFP that will be installed along the wall, with the cable running back along the same path where it will then double back across the top of the door as shown above.

Notes

EXTERNAL CIVILS

- Existing duct route
- Existing Chamber
- Existing Duct entry
- New Duct entry
- New duct route
- New chamber
- Existing Street Cabinet
- New Street Cabinet
