Planning Proposal

Side Elevation

1:50@A3 Sept 2020

PR002-P325(_)

This is a detailed architectural side elevation of a building. The drawing shows a two-story structure with a flat roof. The upper floor features two large, multi-paned windows and a smaller, square window. The lower floor has a central door and several windows of varying sizes. A staircase is visible on the right side of the building. A scale bar at the bottom indicates dimensions from 0m to 5m. A north arrow is located in the bottom right corner. A blue dashed line points to a small box labeled 'ALARM' on the left side of the building, with a note: 'Security alarm bell box, discreetly fixed to side elevation'. The drawing is labeled 'AS PROPOSED _ Side Elevation' at the bottom left.

AS PROPOSED _ Side Elevation
