A. What Are You Applying For? Are you wishing to carry out works to tree(s) in a conservation area? Documents and plans (for any tree) A sketch plan clearly showing the position of trees listed in the question "Identification of Tree(s) and Description of Works' MUST be provided when apply works to trees covered by a Tree Preservation Order. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see notes). It would also be helpful if you provided details of any advice given on site by an LPA officer. Are you providing additional information in support of your application (e.g. an additional schedule of work for question "Yes No "Identification of Tree(s) and Description of Works")? 5. Identification of Tree(s) and Description of Works Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this available. You should use the same numbering on your sketch plan (see help for sketch plan requirements). Please provide the following information: - Tree species - The number used on the sketch plan); and - A description of the proposed works. Where trees are protected by a Tree Preservation Order you must also provide: - Reasons for the work; and where trees are being felled - Proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant. e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in same position.	guidance

It is an important principle of decision-making that the process is open and transparent.	
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
