2020/3942/P	Françoise Findlay Chairman Elsworthy Residents Association Member of Belsize CAAC	25/09/2020 08:27:54	COMMNT	Originally these houses had side passages which served for tradesmen's access and also enabled direct access to the rear gardens. Once these are blocked with extensions etc. it becomes difficult to dispose of garden debris as it has to come through the houses themselves. This has led, in two instances along King Henry's Road to the replacement of grass with artificial lawn which is deplored in the CA for its lack of sustainability and diversity. Could the large area of paving along the eastern boundary be reduced or be of a porous material?
