5. Description of Existing Use, Building Works or Activity

Please fully describe each existing use, building works or activity for which you want the lawful development certificate. Where appropriate, show to which part of the land each use, building works or activity relates

The 2nd floor flat (Flat 3) of 33 Roderick Road has exclusive access to a roof terrace. 1999 a large window was replaced with a door to allow better access to the roof terrace. In 2002 the floor was prepared and made water proof, and the roof tiled. Later a water tap was installed to water plants. The roof terrace has been used for the enjoyment of residents and visitors for over 20 years. I am trying to obtain a testimony from my neighbours.

6. Grounds for application of a Lawful Development Certificate

Under what grounds is the certificate being sought

- ☒ The use began more than 10 years before the date of this application
☐ The use, building works or activity in breach of condition began more than 10 years before the date of this application
☐ The use began within the last 10 years, as a result of a change of use not requiring planning permission, and there has not been a change of use requiring planning permission in the last 10 years
☐ The building works (for instance, building or engineering works) were substantially completed more than four years before the date of this application.
☐ The use as a single dwelling house began more than four years before the date of this application
☐ Other - please specify (this might include claims that the change of use or building work was not development, or that it benefited from planning permission granted under the Act or by the General Permitted Development Order).

Is the certificate being sought for a use, operation, or activity in breach of a condition or limitation? ☐ Yes ☒ No

Please state why a Lawful Development Certificate should be granted

I have been made aware that one should have applied for planning permission for the use of the roof terrace. I would like to rectify this and obtain a certificate that the use of the roof terrace has become lawful.

7. Information in support of a Lawful Development Certificate

When was the use or activity begun, or the building works substantially completed (date must be pre-application submission)?

08/09/1999

In the case of an existing use or activity in breach of conditions has there been any interruption? ☐ Yes ☒ No

In the case of an existing use of land, has there been any material change of use of the land since the start of the use for which a certificate is sought? ☐ Yes ☒ No

It is an important principle of decision-making that the process is open and transparent.

☐ Yes ☒ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
