Without an explanation as to why this work is required it is difficult to respond.</p> <p>It is not fair that an application can be submitted with so little detail. For example what is a crown lift and why is it required? Perhaps there are good reasons to undertake this work but there is no explanation as to what is involved or why it is necessary.</p> <p>I object on the basis you have not explained why this work is required and the application is entirely silent as to why this work is required.</p> <p>T1 - I object to the work simply on the basis no reason has been given and the nature of the work is unclear - what is a crown lift and why is it required? Why is 4m clearance required? As far as I can see this tree is not blocking any of the paths or causing other problems. What purpose does this work serve?</p> |
