Conditions And Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: 2803-20-01 Rev B

Informative(s):

- 1 Reason for granting:

The proposed alterations affect only the ground floor entrance to the building. The scale, position, materials, method of illumination and method of fixing of the awning is considered to be acceptable. Improvements have been made to the front elevation, such as removing cabling and relocating the menu box internally. As a result, the proposed works would not have a detrimental impact upon any significant historic fabric. The proposal is therefore considered to preserve the building's special architectural and historic interest.

The site's planning history was taken into account when coming to this decision. No representations were received as a result of consultation.

Special regard has been attached to the desirability of preserving the listed building and its features of special architectural or historic interest, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposed development is in general accordance with policy D2 (Heritage) of the Camden Local Plan 2017. The proposed development also accords with the policies of the London Plan 2016, the London Plan (Intend to Publish) 2019 and the National Planning Policy Framework 2019.
