Hello Mrs Nicola Abel-hirsch,

Your electricity bill

Please read this carefully as you've come to the end of your annual billing period and we've reviewed your current balance. We've taken this into account to set your Direct Debit amount for the year ahead.

For 28 October 2014 - 22 April 2015 (177 days)

The balance on your last bill (27 October 2014)	£276.72 in credit
You paid us (6 payments of £95.00)	£570.00 credit
Your charges for this period (including VAT)	£1,010.88
Your new account balance	£164.16 in debit

Could you pay less?

Over the next 12 months

Electricity personal projection: £1,110.70

This is based on an estimate of your usage last year. It includes your current tariff until 31 Mar 2016 and our current Standard (Variable) prices thereafter, as well as discounts or charges, like VAT.

**Our cheapest overall tariff**

Over the next year you could save **£106.45** by choosing *Blue+Price Promise June 2016* with Direct Debit, our **cheapest fixed electricity tariff** available for your meter.

Please note, Blue+Price Promise June 2016 has limited availability and may be withdrawn from sale at any time.

Remember - It might be worth thinking about switching your tariff or supplier.

Please note that switching tariffs may involve changing to materially different terms and conditions.

For more about your current tariff, see page 2.

Your monthly payments are INCREASING

We've rolled your debit balance into your Direct Debit payments for the year.

To set your new monthly amount we look at your past usage and adjust it for typical weather patterns. With your balance and current prices (including VAT), we estimate that you will need to spend **£1,355.00** by the end of your next annual billing period.

We'll take one more payment of **£95.00** (to comply with the Direct Debit notification period) which leaves 12 payments of **£105.00** in this billing period to keep your account generally on track. So, unless we hear from you, your Direct Debit will change to **£105.00** on **23 Jun 2015**.

You will find details of how we set Direct Debit amounts on the last page of your bill.
