Unit	Sq. metres	
5. Description of	the Proposal	
Please describe details	s of the proposed development or works including any ch	ange of use.
If you are applying for below.	Technical Details Consent on a site that has been grante	d Permission In Principle, please include the relevant details in the description
in both homes. We fou	ter the current side infill which currently does not serve und in our recent family homes builds where we created trequirements of families today.	seful purpose and to enable to have more quality space for the family amenities he side extensions that the garden becomes more inviting and blends in more
The house extension vigeneral elevations pro	vas designed sympathetically with the existing building to portions of the building. The extension will be built with m	blend with the current architectural character of the existing building, and the latching bricks combined with aluminium glazing.

The side extension proposed would be subordinate to the host buildings and would not have a significant impact on the architectural integrity of the buildings nor a negative impact on the character and appearance of the surrounding area.

5. Description of the Proposal				
Currently 3 Hillfield Road is carrying out a program of refurbishment works with a development as it did not affect the neighbours' amenities. A further application of	six-meter extension being built that was approved under permitted f an infill 3m extension was also approved and in the process of being built.			
Flat 1, 5 Hillfield Road will be reconfigured with the new living room to the rear to enable the new family to enjoy the garden as it is currently accessed via the bedrooms. The extension will create needed space with the new configuration to work and to enjoy the 100ft garden the flat has.				
In summary, the single-story side infill extension is modest in terms of its' overall scale. It is subservient in appearance and respects the character and integrity of the host building. The extension will have no impact to the neighbours as it is an infill extension. The extension will be hardly visible with the 100ft gardens and the raised elevation of the gardens.				
Has the work or change of use already started?	⊋Yes ● No			
6. Existing Use Please describe the current use of the site				
3 and 5 Hillfield Road are mid-terrace houses which are not listed building and no	ot located within a Conservation Area. The houses are home with two levels to			
the front and three levels at the rear. Both houses have a loft room and No 3 has 3 Hillfield Road is a single dwelling home. Flat 1, 5 Hillfield Road is a two bedroor	extended the loft in 2014.			
building has 3 flats.	n garden hat. 3 millield Road has an additional 2 hats above, in total the			
Is the site currently vacant?				
If Yes, please describe the last use of the site

When did this use end (if known)? DD/MM/YYYY				
Does the proposal involve any of the following? If Yes, you will need to substitute the proposal involve any of the following?	nit an appropriate contamination assessment with your application.			
Land which is known to be contaminated	○ Yes			
Land where contamination is suspected for all or part of the site	⊋Yes			
A proposed use that would be particularly vulnerable to the presence of contamin	ation			
7. Materials				
Does the proposed development require any materials to be used externally?	● Yes □ No			
Please provide a description of existing and proposed materials and finishe	s to be used externally (including type, colour and name for each material):			
Walls				
Description of existing materials and finishes (optional):	bricks and render			
Description of proposed materials and finishes:	matching existing			
Roof				
Description of existing materials and finishes (optional):	mixture of flat and pitched roof with felt and slate tiles			
Description of proposed materials and finishes:	new roof matching existing			
Windows				
Description of existing materials and finishes (optional):	timber sash windows, velux windows			
Description of proposed materials and finishes:	Extension will have a aluminium glazing with new bi fold doors, new aluminium windows and new skylights.			

7. Materials			
Doors			
Description of existing materials and finishes (optional):	timber doors		
Description of proposed materials and finishes:	no new doors required		
Boundary treatments (e.g. fences, walls)			
Description of existing materials and finishes (optional):	timber fence		
Description of proposed materials and finishes:	Timber fencing and new extension to boundary line if agreed with neighbour. If not new extension would be build on own land with 50mm boundary gap.		
Vakiala access and hard standing			
Vehicle access and hard standing Description of existing materials and finishes (entional):	not altered		
Description of existing materials and finishes (optional): Description of proposed materials and finishes:	not altered		
Description of proposed materials and linishes.	not altered		
Lighting			
Lighting Description of existing materials and finishes (optional):	standard lighting		
Description of proposed materials and finishes:	low energy lighting		
Decomplient of proposed materials and minorities.	Tow Chargy lightning		
Other guttering			
Description of existing materials and finishes (optional):	PVC		
Description of proposed materials and finishes:	as existing		
	<u> </u>		
Are you supplying additional information on submitted plans, drawings or a desig	n and access statement?	⊋Yes ◉ No	
8. Pedestrian and Vehicle Access, Roads and Rights of Way			
Is a new or altered vehicular access proposed to or from the public highway?		⊋Yes ⊚ No	
Is a new or altered pedestrian access proposed to or from the public highway?		⊋Yes ⊚No	
Are there any new public roads to be provided within the site?		⊋Yes . No	
Are there any new public rights of way to be provided within or adjacent to the sit	e?	⊋Yes ● No	
Do the proposals require any diversions/extinguishments and/or creation of rights	s of way?	⊋Yes ◉ No	
		TIES TIVE	
9. Vehicle Parking			
Does the site have any existing vehicle/cycle parking spaces or will the proposed spaces?	development add/remove any parking	☑ Yes ◎ No	
10. Trees and Hedges			
Are there trees or hedges on the proposed development site?		⊋Yes ● No	

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?		No	
If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of your local pla required, this and the accompanying plan should be submitted alongside your application. Your local planning a website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, den Recommendations'.	uthority	should make c	lear on its
11. Assessment of Flood Risk			
Is the site within an area at risk of flooding? (Check the location on the Government's Flood map for planning. You should also refer to national standing advice and your local planning authority requirements for information as necessary.)	ℚ Yes	No	
If Yes, you will need to submit a Flood Risk Assessment to consider the risk to the proposed site.			
Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?		No	
Will the proposal increase the flood risk elsewhere?		No	
How will surface water be disposed of?			
Sustainable drainage system			
Existing water course			
Soakaway			
✓ Main sewer			
☐ Pond/lake
