2020/4530/T	Hampstead CAAC	22/10/2020 22:20:56	OBJ	<p>Hampstead CAAC has not so far commented on this specific proposal. We Object on principle but consider if there is a case for removal adequate proof of state, prospects for maintenance and recovery, relation to the boundary wall, oak and other planting should be provided. The visual appeal of the cherry may be questionable but that is not necessarily the point in the green corridor context, The photo view of the adjacent oak suggests possible action to examine and enhance the soil quality rather than letting the trees reach a point of apparent 'no return'. We emphasise the need to maintain trees regularly. more obviously by judicious pruning but also in feeding as necessary. A replacement tree should be proposed, even if slightly away from the subject tree.</p>
