Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:
33-37 University Street
London
WC1E 6JN

Proposal:

Alterations to the ground floor elevation including the alteration of existing entrances and enlargement of the existing window openings; installation of a canopy and signage above the ground floor.

Drawing Nos: 064-TWA-XX-XX-DR-AX- 00005, 00010, 07000, 17000 rev B, 17005 rev B; Design and Access statement

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless

otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policies D1 and D2 of the London Borough of Camden Local Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans- 064-TWA-XX-XX-DR-AX- 00005, 00010, 07000, 17000 rev B, 17005 rev B; Design and Access statement

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission-

The application relates to the University Street frontage of the ground floor offices on the eastern side of the building. The building has an Art Deco design with a very strong horizontal rhythm. The ground floor offices have Crittal windows with vertical and horizontal bars, a main and secondary entrance with metal/glazed doors and a white rendered wall.

The proposed elevational alterations, including enlarged windows, replacement doors, new curved metal canopy along the frontage and subsequent reinstatement of the façade, are considered to be appropriate in design and location and would maintain the Art Deco appearance of the building. The proposals would therefore preserve the historic and architectural integrity of this non-designated heritage asset.

The proposals would therefore preserve the character and appearance of the host building, streetscene and Conservation Area. Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

The new 2m wide doors would provide level access at street level with internal ramps to the ground floor level of the building. They would be accessible to all.

The development is not considered to cause any adverse impacts on the amenity of neighbouring occupiers.

No letters of objection have been received. The planning history of the site has been taken into consideration.

As such, the proposed development is in general accordance with policies A1, D1 and D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the National Planning Policy Framework 2019.

- 2 Your proposals may be subject to control under the Building Regulations

and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).

- 3 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team London Borough of Camden 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444) . Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.
- 4 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website at <https://beta.camden.gov.uk/documents/20142/1269042/Camden+Minimum+Requirements+%281%29.pdf/bb2cd0a2-88b1-aa6d-61f9-525ca0f71319> or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2019.

You can find advice about your rights of appeal at:
