Opening a hostel will not only bring the value of properties down, it is a safety hazard, adding to the high rate of crime and drug users already along the street. There is more than enough refuse bins along the street as it is, and over populated cars being parked. We do still not know the exact reason why the property collapsed in the first place and re-building the property back to it's original size must be looked at in first instance, not extending! WE THOROUGHLY DISPUTE this application and would like to be KEPT INFORMED on what exactly is going on!
