

Fest Wall - overview
TRACT 20 November 2019

sted buildings

From 2001 planning application to replace stalls up the rising ramp

IN FORCE 2974 (when Proud)

Condition 22 – no music will be played outside

Condition 49 – use of seating immediately outside on the terrace must cease by mid-night

IN FORCE 3850 (under Liam / FEST)

Annex 3 19. - use of seating immediately outside on the terrace must cease by mid-night

Condition 90 : hatched area is for use as smoking area and must cease at mid-night

Can find no planning approval for the outside bar/café and no specific application to include it as part of the licensable area

Can find no planning or licence for the area in blue at all. This is the bigger problem area as they are playing music, films and sporting events that cause noise and disturbance

From 2001 planning application to replace stalls up the rising ramp

Current photos of existing

From 2007 planning application for Horse Hospital

Taking over the 200-year-old horse hospital in Camden Stables Market is **FEST**; a nifty hybrid [Camden bar](#)-restaurant-club offering everything from club nights to singalong parties and cabaret. Having launched in April, this joint is now firing on all cylinders – here's what you need to know!

Let's start with their daytime darling – this smashing little roof garden.

The FEST terrace.

Underneath this lush pergola, you'll find live acoustic music by day, and DJs by night. The bar serves up delicious cocktails (Pimm's and Aperol Spritzes among them) and craft ales, while wood-fired pizzas are available from the outdoor pizza oven. A big screen shows major sporting events or serves as an [outdoor cinema](#) – [see what's on here](#). (Offer: [get a pizza and a pint for £10](#) or [two pints for £8.50](#).)
