2020/4162/P	Stuart Mills	16/11/2020 11:50:30	OBJ	I object to this application as I feel that it is an application by stealth. This will set a dangerous precedent which will lead to the complete change of the landscape and community in this conservation area. The structure existed in contravention of the conditions of an original consent and any enhancement is making a very regrettable situation worse.
