NOTE:
Drawing based on inherited information.
To ascertain exact layout, levels and areas it is recommended
that a full survey be carried out.
All drawings to be issued to building regs for
comment and approval.

Do not scale from this drawing. Use figured dimensions only. Figured
dimensions are in millimetres. All levels are in metres. All dimensions
and levels shall be verified on site before proceeding with works.
Detailed site survey to be carried out to verify positions and level
relationships with site features and ordnance survey. The architect must
be notified of any discrepancy.
Where building components are described in the specification as
contractor designed, "construction" information relating to those
components on this drawing represents design intent only
