2020/4619/P	P Jenkins	17/11/2020 13:24:57	INT	<p>I own Flat 14 which is the top floor of this building.</p> <p>I am concerned the installation may pose an number of problems in itself due to radiation/ radio waves.</p> <p>Secondly I am aware there are significant security issues with unauthorised access to the roof of the building by external parties (not just residents from 244 and 242). I have reported these when aware to the Community Support Team in the past as I suspect drug dealing.</p> <p>I would like reduced access and am also concerned equipment could be damaged as was the lift housing last year- doors wrenched off by vandals</p>
