STREET LEVEL

PLANNING

General Note:

Do not scale drawing, use figured dimensions only. Please refer to scale and sheet size as indicated.

Any discrepancies between site and drawings are to be reported to the design team immediately. Read in conjunction with all relevant structural and mechanical & electrical engineers drawings. Dimensions critical to the proposed building works must be checked on site before building works commence as certain assumption have been made due to lack of accessibility and anomalies in the existing building.

No. Revision Notes

A existing steel windows to remain
