2020/4441/P	E Chambers	26/11/2020 10:33:14	COMNOT	The acoustic consequences both air born noise and in the particular structural vibrations of the condenser units must be tested from my flat D at 31 Winchester Rd NW3 3NR which (don't be confused by the address) is vertically above the proposed condensers. I expect that my right to peace and quiet in my own home will be upheld. I wish to experience this in action and hold the right to have them removed if their vibrations can be experienced in my flat. I expect a reply ASAP to discuss this matter.
