

Drawing to accompany objection from Ian Dench and Virginia Garcia to application 2020/4336/P

The existing air-handling unit AHU/02 is right next to our bedroom and roof terrace at 12 Lancaster Stables. It caused a lot of noise and vibration

Lancaster Stables properties next to the development

Development property

There is space on the flat roof to place any plant a reasonable distance from habitable spaces to minimise the noise and vibration impacting all the adjacent living spaces.
