

Flood mitigation measures to at least 300mm above the 1 in 1000 year flood water level

Flood mitigation measures to at least 300mm above the 1 in 1000 year flood water level

Reference should be made to the Flood Risk Assessment by Water Environment for more information on flood water levels

**GENERAL NOTES:**  
 This drawing is copyright of KSR architects. This drawing must be read in conjunction with the Designer's Risk Assessment, specification and all other relevant documentation and drawings.  
 KSR architects accept no liability for any expense, loss or damage of whatsoever nature and however arising from any variation made to this drawing or in the execution of the work to which it relates which has not been referred to them and their approval obtained.  
 Areas are based on un-checked survey and are approximate only. Do not scale from this drawing or the digital data, only figured dimensions are to be used. Refer to lineal scale for guidance.  
 Check all dimensions on site prior to carrying out any works and advise any discrepancy.
