

Proposed Front Elevation

- New position of relocated windows to front elevation
- Roof to side extension re-clad with copper sheet to match original roof slopes. Two existing roof lights to front roof removed as part of these works
- New window in front elevation to replace existing rendered blind bay projection at first floor
- Infill walls to be remade in brickwork similar to existing piers but slightly lighter in tone to differentiate between original and new elements
- New window in front elevation to replace existing full height glazed door and side light to this part

Proposed Rear Elevation

- Existing first floor extension to this part to be rebuilt in brick to replace existing rendered blind bay projection at first floor
- New extension walls to be made in brickwork
- New powder coated metal framed windows and doors

Existing glazed screen and doors to be rearranged
