Address:

**5 Buckland Crescent**  
**London**  
**NW3 5DH**

Proposal:

Drawing Nos: Site Location Plan, JB\_REV1\_SITE\_PLAN\_500,  
JB\_REV1\_SITE\_PLAN\_1250, JB\_REV2\_REAR\_ELEV\_EXISTING,  
JB\_REV2\_REAR\_ELEV\_PROPOSED. RUCCA Design and Access Statement.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely

as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 and D2 of the London Borough of Camden Local Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans Site Location Plan, JB\_REV1\_SITE\_PLAN\_500, JB\_REV1\_SITE\_PLAN\_1250, JB\_REV2\_REAR\_ELEV\_EXISTING, JB\_REV2\_REAR\_ELEV\_PROPOSED. RUCCA Design and Access Statement.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission:

The proposed alterations to the first floor flat are considered acceptable. Double glazed timber framed sash windows and French doors shall replace existing single glazed arrangements. The new fenestration has been designed to match the existing style, material and colour. The only discernible difference will be the addition of doubled glazing, however this is considered a minor alteration that would be barely perceptible.

All replacement frames would sit in existing openings, as such there would be no neighbour amenity impact.

The proposal is considered to preserve the character and appearance of the host building, the street scene and wider conservation area. The Belsize CAAC responded to consultation to confirm they had no objection. Council Conservation and Design Officers raised no concerns with the proposals.

No objections have been received prior to making this decision. The sites planning history has been taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies D1, D2 and A1 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the National Planning Policy Framework 2019.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. No 020 7974 4444) . Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.
