2020/5604/T	S. Nix	04/12/2020 08:49:19	OBJ	<p>Hello,</p> <p>Why is this tree being felled? All that is provided as background information is a simple sketch. No reason is given.</p> <p>If I understand your instructions correctly, detailed evidence and reasons must be provided only if the tree is subject to a TPO. I understand this is not the case with this tree. However, I think in a conservation area such information should ALWAYS be required whether or not the tree is subject to a TPO.</p> <p>I think the reasons why this tree is being felled should be provided or explained. There is far too much indiscriminate felling of trees in this conservation area in my opinion, and people are taking advantage of this lax 'regulation'.</p> <p>I, and others (based on what I have read in other similar comments) are concerned about what is perceived to be a non-caring attitude on the part of the Council re preserving the unique nature of South Hampstead and maintaining its contribution to a healthier and wildlife-friendly environment by the continuous felling of trees.</p> <p>Thank you.</p>
