Reason:

For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission:

This application seeks retrospective permission to alter the shopfront which includes the removal of the decorative render on the existing stall raiser. Given that the proposed alteration is of relatively minor scale and that the overall traditional character and traditional elements of the existing shopfront would be retained, it is considered acceptable in design and heritage terms.

Due to the location and nature of the proposal, it is not considered to cause harm to neighbouring amenity.

No objections were received prior to making this decision. The planning history of the application site was taken into account when coming to this decision.

Considerable importance and weight has been attached and Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

Special regard has been attached to the desirability of preserving the building or its setting or any features of special architectural or historic interest which it possesses, under s.66 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013

As such, the proposed development is in general accordance with policies A1, D1 and D2 of the London Borough of Camden Local Plan 2017, Policies DH1 and DH2 of the Hampstead Neighbourhood Plan 2018, the London Plan 2016 and the National Planning policy Framework 2019.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings.
