- 17/01/2019
 - The occupier raised no new concerns.
- It was not possible to install all stations within a common brickcourse. Therefore initial readings cannot be interpreted as Distortion Data.
- Readings have been made relative to level station 1. It has an assumed value of 10.0000m. If this is not appropriate, please advise if a deep datum is required?
- Further readings to be taken in March 19
