Conditions And Reasons:

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

Chester Terrace 18, proposed set (all propo drawings), design and access statement alterations, 100 (exist LGF)

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 The site is a grade-I-listed palatially composed terraced house of the early 19th century by Nash making a positive contribution to the Regents Park Conservation Area. The interiors of the terrace largely date from 1960s rebuilding, although general elements of plan form remain.

At basement level, the applicant wishes to rearrange internal partitions.

The basement plan and the finishes appears to be non-original. Notwithstanding various annotations, no alterations are proposed on other levels, or externally, or anywhere outside the red line on the proposal drawings.

Any works other than those specifically mentioned in the consented documents are unauthorised. If further works are found to be needed, the permission of the council's conservation team must be obtained in writing, or further listed building consent may be required.

The proposed works will not harm the special interest of the grade-I-listed building.

The application has been advertised in the press and by means of a site notice, whereby there were no consultation responses. The site's planning history has been taken into account in making this decision. Historic England has supplied a letter of flexible authority ratified by the NPCU.

Special attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the NPPF.
