	- Request further noise assessment to be produced completion.
	Officer response:
	Several noise conditions have been requested by the Council's Environmental health team to protect the residential amenity of neighbouring properties. Noise and odour compliance, installation of time clocks and anti- vibration pads, a post-installation noise report and details of a maintenance schedule have all been secured by condition and it is considered that these will address amenity concerns in terms of noise and odour.
Recommendation:-	

Grant planning permission
