### Documents and plans (for any tree)

A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

If Yes, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. You should use the same numbering on your sketch plan (see help for sketch plan requirements).

Please provide the following information:

- Tree species
- The number used on the sketch plan); and

## 5. Identification of Tree(s) and Description of Works

- A description of the proposed works.

Where trees are protected by a Tree Preservation Order you must also provide:

- Reasons for the work; and where trees are being felled
- Proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in same position.

I am applying for planning permission to have the two sycamore trees trimmed indicated as 1 & 2 on the attached diagram. The trees straddle the boundary of the property known as Elmwood and the verge of Wildwood Grove. There is a tree protection order for these two trees TPO C574 2006, we have trimmed these trees several times over the last ten years. This year we would like to trim them the same as the last time which was quite successful. Because there is a tree on Hampstead Way that spreads over our property indicated as 3 on the plan, we would like to face our trees on the west side to reduce the shading over our garden. This involves cutting one branch with a diameter of about 20 cm and a second of about 15 cm. in total we would be reducing the crown about 25%. The trees are in robust health and would regain their current height and density in 2 or 3 years.

Best Wishes  
Dr Yee Wah Foo

## 6. Tree Ownership

Is the applicant the owner of the tree(s)?

Yes  No

## 7. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

Yes  No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.
