19.10.20- Question:

Dear Sir/Madam:

I would like to replace the existing timber windows in my second floor flat for new uPVC double-glazed units of a similar appearance (i.e.: replacement sash windows).

As part of the Full Planning application that I will make, could you please confirm whether a Land Registry location plan (scale 1:1250) would be suitable as a means of identifying the location of the property, or would I need to provide something more detailed?

Thank you for your help in this regard.

Andy Bodily

Reply- 6.11.20:

Dear Andy Bodily,

Thank you for your email. I can confirm that as long as the site location plan is accurate, up to date and include the entire boundary of the site annotated in red. Then the Land Registry location Plan may be acceptable.

I hope this helps,

Kind Regards,
