# Anticipated Types of Inbound Goods Vehicles

7.5t Vehicle (circa 7.2m long)

18t Vehicle (circa 10m long)

A few points to note about vehicles likely to serve the development:

- They will be small and medium sized HGVs, which are common place in London.
- They are rigid vehicles.
- The development site will not be served by vehicles larger than these small and medium sized HGVs.
