4. Eligibility (continued)
Would the proposed extension result in the highest part of the roof exceeding 3.5 metres above the highest part of the roof of any building in the terraced row it is situated (not including plant, in each case)?
Yes No
If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.
Have additional storeys already been added to the original building (as it stood on 1 July 1948, or as built after that date; or, if 'Crown land as it stood on 7 June 2006, or as built after that date)?
Yes No
If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.
Will any proposed engineering operations reasonably necessary to construct the additional storeys and new dwellinghouses include: - provision of visible support structures on or attached to the exterior of the building upon completion of the development; or - anything other than works within the existing curtilage of the building to strengthen existing walls; strengthen existing foundations; or install or replace water, drainage, electricity, gas or other services
☐ Yes ☐ No
If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.
Will any works for the replacement of existing plant or installation of additional plant on the roof of the extended building reasonably necessary to service the new dwellinghouses include: - Installation of plant where none currently exists; or - Increasing the height of any installed plant (i.e. as measured before and after from the lowest surface of the roof on the principal part of the building)
Yes No
If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.
Will any works for the construction of appropriate and safe access to and egress from the new and existing dwellinghouses (including means of escape from fire, via additional external doors or external staircases) extend beyond the curtilage of the existing building?
☐ Yes ☐ No
If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.
Will any works for the construction of storage, waste or other ancillary facilities reasonably necessary to support the new dwellinghouses: - extend beyond the curtilage of the existing building; - be situated on land forward of a wall forming the principal elevation of the existing building; or - be situated on land forward of a wall fronting a highway and forming a side elevation of the existing building
☐ Yes ☐ No
If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.
Is any part of the land or site on which the building is located: - article 2(3) land; - a site of special scientific interest; - a listed building or land within its curtilage; - a scheduled monument or land within its curtilage; - a safety hazard area; - a military explosives storage area; or - within 3 kilometres of the perimeter of an aerodrome
☐ Yes ☐ No
If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.
Following the development, will every dwellinghouse in the building remain in use within Use Class C3 and for no other purpose, unless that purpose is ancillary to the primary use as a dwellinghouse?
Yes No
If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with

this application and seek advice from the Local Planning Authority on the best course of action.

Page 3 of 9 Version PDF 2020.1

4. Eligibility (continued)
Will the development include a window in any wall or roof slope forming a side elevation of the building?
☐ Yes ☐ No
If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.
5. Description of Proposed Works, Impacts and Risks
S. Description of Proposed Works, Impacts and Risks Please describe the proposed development, including: - details of any dwellinghouse and other works proposed - the external appearance of the building, including: - the design and architectural features of the principal elevation (and any side elevation that fronts a highway) - the impact of any works for the construction of appropriate and safe access to and egress from the new and existing dwellinghouses (including means of escape from fire, via additional external doors or external staticases) - the impact of any works for the construction of storage, waste or other ancillary facilities reasonably necessary to support the new dwellinghouses - details on the provision of adequate natural light in all habitable rooms of the dwellinghouses
