2020/5175/P	Jonathan Byatt	27/12/2020 11:58:50	SUPC	<p>Installing features to improve the look and feel of the cafe Culture within South End Green is an understandable desire. However, installation of the bench feature will also bring tables and complementary chairs to enable customers to fully enjoy the store products. While we cannot block the progress of this feature having seen the success of the Streatery, we would insist the pathways remain clear and navigable for the many disabled Persons who require access along this footpath to the Royal Free Hospital. This section of pathway is well-traveled between the station buses and Hospital. If approved, condition should be put in place to ensure this walkway remains free and easy to pass for wheelchairs common pushchairs and persons with walking difficulties.</p>
