2020/5596/T	Louise Lewis Highgate	15/12/2020 11:49:29	OBJ	<p>This application gives no adequate reason for removing 8 trees and substantially pruning 8 others. There is no map to put that site into context although it could have a significant impact on neighbours. There is no tree report nor is there any consideration of the overall effect on the garden, on the ecology of the area or on the habitat and wild life.. There is no indication that the applicant has considered any tree replacement or any other mitigating measures.</p> <p>We would ask the Tree Officer to visit the site and talk with the applicant with a view to modifying their plans in line with the National Planning Policy Framework (NPPF) and current ecological thinking.</p> <p>Highgate Neighbourhood Plan: Policy OS2: Protection of Trees and Mature Vegetation</p> <p>I. Within the conservation areas or when protected by a TPO, specimen, veteran and mature trees and mature vegetation, which have townscape, ecological or amenity value should be retained where possible.</p> <p>Louise Lewis Highgate Neighbourhood Forum</p>
