| 2020/5886/P | Primavera Boman | 23/12/2020 15:16:35 | COMMNT | Too many developments in this patch. All leading to pollution, destruction, un-ease. http://camdennewjournal.com/article/i-imagine-camden-has-it-in-for-residents |
| 2020/5886/P | Jonathan Byatt | 27/12/2020 12:06:38 | SUPC | The initial construction and replacement of the petrol filling station has seen an interim traffic lights implemented on Chalk Farm Road and the adjoining roads e.g. Ferdinand Street. This has created large hold ups on all of the impacted roads leading down to Camden Station and up past Chalk Farm station. If this construction is to continue can the sequencing and and operation of the interim traffic light system and sequence be assessed and adjusted to prevents additional problems. If this work is to continue to include the more than 600 apartments to be constructed, the construction traffic and the use of this imperfect traffic flow system will alienate local residents. |
