2020/5570/P	Mrs Susan Amsden	30/12/2020 15:51:24	OBJ	<p>My husband and I moved into our house on Quickswood in 1975. It was the open nature of the houses and gardens, which gave the estate a Mediterranean feel, which attracted us here. The proposal to add extra storey's in a hodgepodge manner would be out of keeping with the terraces and would be out of scale to the surrounding properties. The additional height would take the morning sunlight from our communal gardens.</p> <p>In order to retain the open Mediterranean feel I support the request by the 20th Century Society for Camden to designate Quickswood a Conservation Area before any more changes are made to the planning laws.</p>
2020/5570/P	Mrs Jackie Salata	30/12/2020 16:00:30	OBJ	<p>I have lived on Quickswood for the past 45 years and I think adding extra floors to houses in the sector, especially the 3 storey ones, would look awful. It wouldn't be balanced, look silly and cast shadows over the communal gardens, individual patios and roof lights of neighbouring houses. It would also overlook opposite roof terraces and invade neighbours privacy.</p> <p>I approve of the idea of making Quickswood a Conservation Area to protect the look, openness and design that drew my husband and I here all that time ago.</p>
