Dear Ben

I am writing to object to the application above. The scale, principally height is grossly out of proportion to the houses on that side of Frognal gardens. 18a and 18b are noted in the Camden conservation report for Hampstead as being neutral to their surroundings. The proposal would stand out for all the wrong reasons and set a precedent. If approved we must expect a similar scheme to be proposed for 18b so actually the increase in building will be huge. There has been no representation in the planning material of views of the site from down the hill on Frognal. A building that high would dominate the skyline and change the open sky character of that side of Frognal gardens.

Your sincerely
