6 Fortess Grove - access to roof

Dear Patrick Marfleet

I live in 3 houses opposite Ms Levenson and I wholeheartedly support the application to create outdoor space, .

Please include this email in your consideration of the case, though it is three days late.

I would like to make three points

1. I notice there is one objection from Roger and Charlotte Kershaw. They are nice people. [REDACTED]

2. The following people are **living** in this small street (some have been here for decades) and they all support the application. However, we had thought it unnecessary to officially comment. Please acknowledge receipt of this email and the following people will also support.

 Looking at the difficult months ahead,  
I think it only right to support their modest alteration.

Please acknowledge receipt of this email
