

This architectural cross-section drawing illustrates the internal structure and layout of a two-story house. The ground floor features a living area with a sofa, armchairs, and a large window; a dining area with a table and chairs; a kitchen with a counter and cabinets; a bathroom with a toilet and sink; and a bedroom with a bed. A central staircase connects the two levels. The upper floor includes a bedroom with a bed, a bathroom, and a large open space. The drawing highlights the structural framework, including the roof, walls, and floor joists, and shows how the furniture and fixtures are integrated into the space.

A horizontal number line with tick marks at every integer from 0 to 10. The numbers are labeled below the line.
