FAO Tree officers

I am writing on behalf of CRASH , the Combined Residents Association of South Hampstead , regarding this application to fell an oak & false acacia at this property. The application form refers to 3 technical reports but only one , a preliminary report which recommends further investigation , has been lodged on the Council website as of this morning. It is not possible to consider this matter without seeing all the reports yet the deadline for comments has already been set at 29 January. This deadline period should be extended to commence on the date that all relevant information is available to the public. Please let me know when all reports are available. Meanwhile , please treat this as an objection to the proposal .
