2020/5168/P	Russell Thompson	10/01/2021 17:01:26	OBJ	In addition to the light issues described in my strong objection of yesterday, there is a matter of privacy. The drawings show glazing to the proposed west elevation which directly faces my bedroom window at a distance of 6 metres which would allow a clear view of my bedroom and bed.
2020/5168/P	Russell Thompson	08/01/2021 16:08:08	OBJ	I have a strong objection to the proposed development because it would significantly diminish both the quality of light to, and view of the sky from, the east facing windows of my bedroom, stairwell and terrace.
