The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

Goodenough on Mecklenburgh DAS, GoM appendix house 21, GoM appendix house 22, GoM appendix house 23. GoM appendix house 24, GoM appendix house 25, GoM appendix house typical mews, Mecklenburgh Square heritage statement v1, location plan

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 The application relates to a terrace of five grade-II*-listed town houses of 1808 that make a positive contribution to the Bloomsbury Conservation Area and six modern mews houses forming a 65-bedroom hotel.

The plan has been somewhat altered to allow en suite bathrooms, although good rooms remain at first floor front. Alterations to the second and third floors are more comprehensive. Lateral connections exist at every level apart from first and second.

The works relate to redecoration and renewal of services such as wiring, lighting and radiators. The work is essentially conservative in nature. A pre-app was carried out in 2019 and has been heeded in spirit.

Any works other than those specifically mentioned in the consented documents are unauthorised. If further works are found to be needed, the permission of the council's conservation team must be obtained in writing, or further listed building consent may be required.

The proposed works will not harm the special interest of the grade-II*-listed building.

The application has been advertised in the press and by means of a site notice, whereby there were no consultation responses. The site's planning history has been taken into account in making this decision. Historic England has supplied a letter of flexible authority which has been ratified by the secretary of state.

Special attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the NPPF.
