SW19 8PL

Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:
32A Parkhill Road
London
NW3 2YP

Proposal:
Erection of single storey rear extension following demolition of existing one
Drawing Nos: P100; P101; P102; P103, site location plan.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the

immediate area in accordance with the requirements of policies D1 and D2 of the London Borough of Camden Local Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: P100; P101; P102; P103, site location plan.

Reason: For the avoidance of doubt and in the interest of proper planning.

- 4 The flat roof of the rear extension hereby approved shall not be used at any time as an amenity space, and any access out onto this area shall be for maintenance purposes only.

Reason: To safeguard the amenities of the future occupiers and adjoining neighbours in accordance with the requirements of policy A1 of the London Borough of Camden Local Plan 2017.

Informative(s):

- 1 Reasons for granting permission:

The proposal will replace the existing large rear conservatory with a more modest flat roofed extension set in from the side boundaries and a reduced depth of 3.5m and height of 2.58m. This replacement will be a more subordinate addition and still retain sufficient useable rear garden space. It has a more traditional appearance with brick to match the host property and white aluminium fenestration. The modern fenestration material will distinguish the extension as a new addition. Given its modest scale and siting at lower level with no public views, it is not considered to detract from the character and appearance of the host property, terrace or wider conservation area.

The extension is smaller than the existing one with no windows proposed on the side elevations. It is considered an improvement on the existing situation. Thus the development will not have a detrimental impact on either adjoining neighbour in terms of loss of privacy, light or outlook.

No objections were received during the statutory consultation period. The planning history of the site has been taken into account when coming to this decision.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Area) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

As such, the proposed development is in general accordance with policies A1, D1 and D2 of the Camden Local Plan 2017. The proposed development also accords with policies of the Publication London Plan (2020) and the National Planning Policy Framework 2019.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and

emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).

- 3 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team London Borough of Camden 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444) . Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.
- 4 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website at <https://beta.camden.gov.uk/documents/20142/1269042/Camden+Minimum+Requirements+%281%29.pdf/bb2cd0a2-88b1-aa6d-61f9-525ca0f71319> or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2019.

You can find advice about your rights of appeal at:
