2020/5576/P	Christine Pullen	13/01/2021 15:29:02	COMMNT	As there is already a long standing creperie stall at the same location I see no need for a second one - particularly at a time of public emergency. At weekends it is a regular occurrence for the customers of the stall to congregate and linger on the pavements in front of and beside the William IV pub and on the other side of Perrins Lane outside the new art gallery in order to consume the crepes that they have purchased. This means that these stretches of pavement are frequently impassable - rammed with pedestrians few of whom appear to be adhering to the current Coronavirus regulations regarding the wearing of masks and social distancing.
