Dear Sir,

RE: PL/9500249/G7/11/K

I am writing to oppose the planning permission of the construction of 3 storey residential building at the land adjoining 79 Belsize Lane, NW3. I think it is monstrous to have a block of flat building which would not blend into the environment as there are only town houses and terrace houses around.
Thank you for your consideration of my comment on the application.
