Director of Environment Department
Camden Environment
Town Hall
Argyle Street
London WC1H 8EQ

Dear Mr Pike

Proposed Development:

The change of use of the existing buildings from a hostel to 26 self contained residential units together with the erection of a three storey rear extension, and the landscaping of the land to the rear together with the provision of 17 surface car parking spaces. Application No 9500249R3. Case File: G7/11/K

I am dismayed to receive a further notification re the above. I note from our files that there has been extensive correspondence concerning traffic congestion and lack of parking facilities for existing residential units and clinics in the area. It would seem that if this application is accepted there is not adequate parking provision provided by the Developer which will further add to the congestion in the area.

Yours sincerely

[REDACTED]

Chairman
