Scale: 1:5 on A1

Section F-F
Scale: 1:5 on A1

Section G-G
Scale: 1:5 on A1

Supporting Secondary Glazing

Note: The secondary glazing is to be face fixed to the reveal on sides and head providing principal support to the secondary glazing.

The additional support at the cill level is provided in 25mm MDF in order to cloak the gap where the reveal is set back (only at cill level).

The MDF is an absorbent material and there will be no detrimental or negative effect on the performance of the noise insulating secondary glazing.
