

scale bar - metric

A horizontal scale bar labeled "scale bar - metric". It is marked from 0 to 5 meters (m) in increments of 1 meter. The bar is divided into three sections: the first meter (0-1) is light gray, the second (1-3) is dark gray, and the third (3-5) is white. Major tick marks are at each meter, and minor tick marks are every 10 centimeters.

scale bar - imperial

A horizontal scale bar labeled "scale bar - imperial". It is marked from 0 to 15 feet (ft) in increments of 3 feet. The bar is divided into five sections: 0-3ft is light gray, 3-6ft is dark gray, 6-9ft is white, 9-12ft is dark gray, and 12-15ft is light gray. Major tick marks are at each 3-foot interval, and minor tick marks are every 6 inches.
