4.3 Proposed Visuals

1.0 Introduction

1.0 Introduction

This Design and Access Statement is in support of the Planning Application for alterations to 1 Ely Place involving the removal of redundant plant and organisation of the existing plant, in order to house coherently in one location. Additionally the proposal looks at a rear extension to the existing 4th floor office, utilising the external space which is unusable. The design will attempt to refurbish the existing extension which is dilapidated and needs updating.
