The description of this proposed development as a 'minor' 'roof extension' seems far from the case. I live on the south side of Daleham Mews and, whilst the proposed development might not directly my property, it would not preserve still less enhance the area's conservation status. There also seems little difference from the plan previously refused (Appeal decision APP/X5210/D/20/3244417). I therefore object to this application.
