2020/5788/L	s. strobel	14/01/2021 11:21:35	COMMNT	Having duly considered the comments of Christchurch Hill residents I do agree that slight changes to the design (door) and clarification of the vehicular access rights would increase the merit of this application. Even though the garage has not been used for a considerable time an increase in private e-charging points is desirable and may help reducing the electric car charging situation in Hampstead.
